

# A LOOK AT UCLA

As one of the nation's premier universities, UCLA has come so far, so fast in its rise to the top tier of institutions of higher education. From its celebrated faculty to its high-achieving students and distinguished alumni, UCLA's College of Letters and Science and 11 professional schools are committed to advancing the common good through research, teaching and active participation in the communities they serve. Uniquely positioned at the crossroads of the world's economies and cultures, UCLA combines outstanding intellectual achievement with an innovative, entrepreneurial style and a deep sense of civic responsibility. Some of the university's more notable recent achievements include:

## Faculty, Students & Alumni

UCLA faculty have been awarded two Nobel Prizes in recent years: biochemist Paul Boyer in chemistry (1997) and pharmacologist Louis Ignarro in medicine (1998). Among faculty there have been three other Nobelists, nine National Medals of Science recipients and hundreds of Guggenheim Fellowships, Fulbright Awards and other academic distinctions. UCLA educates more students than other university in California and was the most sought-after institution in the nation for this fall's freshman class. At UCLA, thousands of students extend their educations beyond the classroom by working directly with faculty on research projects. Many UCLA undergraduates participate in major research studies, working one-on-one with world-renowned scholars as they discover and create new knowledge. UCLA's alumni are bright stars on the world stage. They include leaders of industry and commerce—Oscar, Grammy, Tony, and Emmy winners; philanthropists and public servants; Olympians and professional athletes; educators, engineers, bankers, and astronauts. Founded in 1934, the UCLA Alumni Association serves more than 88,000 members with a comprehensive array of services, programs and activities.

## Books & Technology

The UCLA Library is ranked among the top ten academic research libraries in North America with holdings of nearly 7.6 million volumes. From the birth of the Internet at UCLA 34 years ago, to today where more than one million cyber-travelers pass through key Internet home pages each month, UCLA continues to be a leader in resources for learning. UCLA is nationally recognized for developing ground-breaking computer services for undergraduates and was the first university to have a Web site for every undergraduate student. The university provides an innovative, on-line tool called "My.ucla.edu," which provides a Web page tailored to each student's academic needs.

## Outreach & Community Service

From its founding, UCLA has been an integral and contributing part of the greater Los Angeles community. Outreach programs and volunteerism are as much a part of UCLA as academics and research, with hundreds of UCLA-sponsored programs providing a wide range of opportunities. Nearly 30 percent of UCLA's undergraduates volunteer for these programs, including tutoring youths, adults and incarcerated youths; addressing health and educational needs of underserved communities; combating poverty and homelessness; aiding the elderly and disabled; and providing legal, social, medical and educational assistance to community residents.

Through academic outreach, UCLA works with K-12 schools throughout Los Angeles to help greater numbers of students prepare to compete successfully for college. UCLA also is partnering with community colleges to increase the number of underrepresented students transferring to the university. Additionally, UCLA faculty, researchers and students provide leadership and public service in health care, law, economic development, social welfare, urban planning, public policy, arts and the environment. Most academic departments have major research projects, field studies or student internships that directly affect people's lives in Los Angeles, the state and the nation.

## Health Care

Each year more than 300,000 patients from Southern California, the U.S. and around the globe come to the world-renowned UCLA Medical Center for treatment, while thousands more area residents receive care through SM-UCLA, primary care offices and community outreach health programs. The four schools in the medical enterprise are medicine, dentistry, nursing and public health. The medical center has been ranked as the best hospital in the West by U.S. News & World Report for 13 consecutive years. A new state-of-the-art medical center, which includes UCLA Medical Center, UCLA Neuropsychiatric Hospital and Mattel Children's Hospital at UCLA, is under construction and is scheduled to open in 2005. SM-UCLA renovations are scheduled for completion in 2006. Groundbreaking research is constantly taking place in the Jonsson Comprehensive Cancer Center, the Gonda (Goldschmied) Neuroscience and Genetics Research Center and in many other centers and laboratories on campus.

## Arts

A diverse array of public arts programming makes UCLA the leading arts and cultural center of the West. More than 500,000 people annually attend arts events including theater, music, opera and dance performances, lectures, poetry readings, exhibitions, film screenings, and media arts that are presented by UCLA's two professional arts schools. Check the web sites at [www.arts.ucla.edu](http://www.arts.ucla.edu) and [www.tft.ucla.edu](http://www.tft.ucla.edu) for more information.

## Lifelong Learning

Another prime example of UCLA's connecting with the community is through UCLA Extension, one of the nation's largest divisions of continuing higher education, offering more than 4,500 courses each year in diverse fields of study.

In addition, the university conducts guided walking tours and distributes self-guided tour maps. For further information, call (310) 825-8764 or check out UCLA on the Web at [www.ucla.edu](http://www.ucla.edu).

# THE LEGACY OF UCLA's JACKIE ROBINSON

- The first African-American to play major league baseball (April 15, 1947). Born Jan. 31, 1919 in Cairo, GA.
- His widow Rachel, a UCLA alumna, founded the Jackie Robinson Foundation, which has funded college scholarships for deserving African-American students.
- The first four-sport letterman in UCLA history — football (1939 and 1940), basketball (1940 and 1941), track and field (1940) and baseball (1940).

## **UCLA Football**

- Led the nation in punt return average in both 1939 (16.5 yards) and 1940 (21.0 yards). His career average of 18.8 yards ranks fourth in NCAA history.
- As a senior in 1940, he led UCLA in rushing (383 yards), passing (444 yards), total offense (827 yards), scoring (36 points) and punt returns (21.0 average). In his two-year career, he rushed for 954 yards (5.9 average) and passed for 449 yards.

## **UCLA Basketball**

- Led the Southern Division of the Pacific Coast Conference in scoring in both 1940 (12.4 average in 12 league games) and 1941 (11.1 average in 12 league games).

## **UCLA Track and Field**

- Missed most of the 1940 season while playing with the Bruin baseball team but won the NCAA title in the broad jump (24-10 1/4) after winning the Pacific Coast Conference meet with a leap of 25-0.

## **UCLA Baseball**

- In 1940, batted just .097 during the California Intercollegiate Baseball Association season. In his first game (March 10, 1940), he had four hits and stole four bases, including home once.

## **Major League Baseball**

- Played for the Brooklyn Dodgers from 1947 to 1957.
- Selected National League Rookie of the Year in 1947 (the award is now named in his honor).
- Selected National League Most Valuable Player in 1949.

## **Post-Baseball Career**

- Became Vice-President at Chock Full O'Nuts in 1957.
- Served as a member of the national board of the National Association for the Advancement of Colored People.
- Selected UCLA "Alumnus of the Year" in 1962.
- Inducted into the Baseball Hall of Fame in 1962.
- Was instrumental in the founding of the Freedom National Bank in Harlem, NY.
- Became the first African-American baseball commentator when hired by ABC-TV in 1965.
- Passed away on Oct. 24, 1972 in Stamford, CT.
- Selected as a charter member of UCLA's Athletic Hall of Fame in 1984.

# UCLA ATHLETICS HALL OF FAME

The UCLA Athletics Hall of Fame enters its 20th year of its existence and its second in a new location facing Westwood Plaza. The new Hall of Fame, double the size of its predecessor, opened in July of 2001.

The first floor in the east wing of the new J.D. Morgan Athletics Center features the 8,000-square foot Athletics Hall of Fame and serves as the main entrance to the Department of Intercollegiate Athletics.

The new Hall of Fame features state-of-the-art interactive displays; a mini-theater where Bruin video clips and high-lights re-create past championship moments; a timeline of important U.S., California and UCLA dates showing how sports weave into the great moments in history; a collection of Bruin memorabilia and much more.

UCLA athletic teams have won 90 NCAA team championships and each of those first-place trophies grace the Hall of Champions. Other exhibits include photos of UCLA's first-team All-Americans in football and basketball, Gary Beban's Heisman Trophy, Wooden Awards won by Marques Johnson and Ed O'Bannon and a special display highlighting all of UCLA's Honda and Broderick Cup winners. Displays on UCLA's football bowl victories, the Bruins' NCAA basketball tradition and UCLA's Olympic Games medal winners are featured in the new Hall of Fame.

Each of UCLA's sports has its own individual display area within the Hall of Fame. In addition, there are displays honoring Jackie Robinson, UCLA's Academic All-Americans and women in sports. There are also sample lockers of former Bruin greats in various sports.

In connection with the building, which originally opened in November of 1983, UCLA established a Hall of Fame with 25 charter members representing a cross-section of the school's athletic history. Each year, a minimum of one and a maximum of 12 (including two 'pioneers') former UCLA athletes, coaches or administrators are added to the Hall of Fame. Following is a list of the 183 members, including the eight members inducted during the 2003 football season:

# ROSE BOWL: FOOTBALL HOME OF THE BRUINS

**At Home with the Bruins:** UCLA played its home games at Moore Field from 1919-1928 with the following exceptions: 1919, Los Angeles JC at Los Angeles High; 1926, Occidental and Iowa State at the Los Angeles Memorial Coliseum; 1927, Occidental, Pomona and Drake at the Los Angeles Memorial Coliseum; 1928, Pomona and Oregon at the Los Angeles Coliseum. UCLA played all of its home games from the 1929 through 1981 seasons at the Los Angeles Memorial Coliseum with the following exceptions: 1929, Fresno State at Westwood; 1933, Los Angeles JC and San Diego State at Westwood; 1934, Pomona and San Diego State at Westwood. The Bruins moved to the Rose Bowl (pictured) prior to the 1982 season.

The nation's most famous college football stadium — The Rose Bowl — is now in its 22nd season as the home of the UCLA Bruin football team. One of the finest football stadiums in America, the Rose Bowl was built specifically for football, but was used for portions of the 1932 Olympic Games and was also the soccer site for the 1984 Olympics. The Rose Bowl has also been the site of four Super Bowls, most recently Super Bowl XXVII on January 31, 1993, and was a venue for the 1994 World Cup and 1999 Women's World Cup soccer tournaments, including the championship games.

On January 3, 2002, the Rose Bowl hosted the Bowl Championship Series National Championship football game in which Miami defeated Nebraska.

In 1998, new individual chairs were installed in the seating areas between the end zones as part of a plan to bring the Rose Bowl into the 21st Century as America's premier college football stadium. Also, improved seating areas for the physically challenged have been installed, as has a new sound system. In 1997, a state-of-the-art video board, as well as new matrix-style scoreboards, were added to the Rose Bowl. In the last few years, new concession stands and restrooms have been built and the team dressing rooms have recently been renovated.

Prior to the 1992 season, the Rose Bowl built a new three-level press box. In addition to modern facilities for the print and electronic media, the new press box has two levels of executive and club suites, some of which are still available for lease. Three elevators service this state-of-the-art facility. In addition, the Rose Bowl also received a new state-of-the-art lighting system prior to the 1992 season, including new lights, fixtures and towers.

Completed in 1922, the Rose Bowl was first used for the USC-California game that year. The stadium was horseshoe shaped and seated 57,000 persons when it hosted the 1923 Rose Bowl Game. The south end was enclosed prior to the 1929 game and enlarged to seat 76,000 spectators. De-

mands for more and more seats led to further enlargements; to 83,677 in 1932 and to 100,807 in 1949.

With the new seating configuration, the current seating capacity is 91,136, though a record 106,869 witnessed the 1973 USC-Ohio State Rose Bowl contest.

In conjunction with UCLA's move in 1982 and the Olympics, a Rose Bowl improvement program resulted in the refurbishing of the press box, adding permanent concession stands and backs for more than 50,000 seats. In recent years, all of those areas have enjoyed additional enhancements.

The Rose Bowl has many firsts to its record. On Jan. 1, 1927, radio stations across the nation were linked together for the first time in a coast-to-coast broadcast. On Jan. 1, 1954, the UCLA-Michigan State Rose Bowl Game was the first west-to-east color telecast on a nationwide hookup.

The Rose Bowl has 77 rows of seats. It measures 880 feet from the north to south rims and 695 from east to west. Its circumference around the rim is 2,430 feet, compared to 1,350 feet at field level. It took 28 miles of lumber to provide the original seats. There are 79,156 square feet of natural grass on the floor of the stadium.

# ATHLETICS ENDOWMENT PROGRAM

The UCLA Athletics Campaign has endowed 180 of the 273 NCAA allowable athletic grants-in-aid. UCLA Athletics expresses its sincere gratitude to the individuals listed for their support in the continuing effort to distinguish UCLA as the nation's premier academic and athletics institution.

An endowment generates income to the University in perpetuity. By investing the gift principal and using just the interest earned to help meet the cost of a grant-in-aid assures the Athletic Department of on-going funds to maintain the quality and diversity of its program.

The Four-Deep Team, chaired by Bob Wilson '53, is a landmark effort to permanently endow all 85 grants-in-aid for student-athletes participating in Bruin football. The goal is to have four scholarships endowed at each position and several for the kicking specialties — hence the term "Four Deep."

Fans of UCLA football have a unique opportunity to "make" the Four-Deep Team through a gift to endow grants-in-aid. With 74 football grants-in-aid already endowed, it is expected that the "Four Deep" Team will be completed in the near future. UCLA hopes to become the first school in the nation to have all 85 of its football scholarships permanently endowed. By

joining the "Four Deep" Team, donors can help UCLA achieve a "depth chart" unparalleled in collegiate history.

"We must turn to alumni and friends if we are to maintain the quality of excellence that has been the hallmark of Bruin athletics," says Rick Purdy, associate athletic director. "Due to extraordinary cost increases, private funding is more important than ever. Donors who establish endowed grants-in-aid are helping to ensure that future generations of student-athletes will have the opportunity to become part of the UCLA family."

While the UCLA Athletics Campaign has concluded, the Athletic Department is still encouraging alumni and friends to help UCLA meet its goal of endowing all of the 273 grants-in-aid allowed by the NCAA. A minimum gift of \$100,000, payable over three to five years, is required to endow a scholarship. Donors receive special recognition as part of a unique and permanent display in the UCLA Athletics Hall of Fame. Most importantly, they have the satisfaction of knowing that their gifts have enabled Bruin student-athletes to excel in athletics and academics at one of the finest universities in the world.

# UCLA ATHLETIC FUND: INVEST IN EXCELLENCE

The UCLA Family takes great pride in its athletic program. Since 1950, UCLA teams have rewarded students, friends and alumni with 90 NCAA team championships (67 of which have been won by the men and 23 by the women), the highest total in the country. The 2002-2003 season was a perfect example of how the dedication and determination of Bruin student-athletes maintained UCLA's winning tradition of academic and athletic excellence. This past school year UCLA won four NCAA titles: in men's soccer, women's gymnastics, women's water polo and softball. To a large extent, many of these achievements would have been unattainable if not for generous financial contributions to the UCLA Athletic Fund.

Currently, UCLA provides financial assistance to over 400 student-athletes participating in 22 intercollegiate sports. However, expenses such as the cost of tuition for student-athletes have increased dramatically in the last several years while department revenues have remained relatively stable.

Tax-deductible gifts to the UCLA Athletic Fund play a pivotal role in meeting the escalating costs of team travel, recruiting, equipment replacement and, most importantly, in providing athletic scholarships. Now more than ever, private support is necessary if UCLA is to maintain its position as the best athletic program in the country. Your help is truly needed and greatly appreciated.

To encourage private support of our program, the best football and basketball tickets are allocated to our most generous donors. Members of the Athletic Fund receive priority in the assignment of tickets for home contests in the Rose Bowl and in Pauley Pavilion in accordance with the UCLA Priority Seating Policy. Please refer to the donor benefits chart below to determine season ticket opportunities. In many cases, special reserved parking is also available for our donors.

If you have any questions regarding the UCLA Athletic Fund or the benefits members receive, please contact the Athletic Fund Office at 310/206-3302.

# THE PACIFIC-10 CONFERENCE

Entering the 2003-04 season, the Pacific-10 Conference continues to uphold its tradition as the "Conference of Champions."® Pac-10 members have claimed an incredible 73 NCAA team titles over the past nine seasons, for an average of more than eight championships per academic year.

Even more impressive is the breadth of the Pac-10's success, as those 73 team titles over the past nine seasons have come in 21 different men's and women's sports. The Pac-10 has now led the nation in NCAA Championships 38 of the last 43 years and finished second five times.

Spanning nearly a century of outstanding athletics achievement, the Pac-10 has captured 323 NCAA titles (243 men's, 82 women's), far outdistancing the runner-up Big Ten Conference's 193 titles.

The Conference's reputation is further proven in the annual NACDA Directors' Cup competition, the prestigious award that honors the best overall collegiate athletics programs in the country. In the 2002-03 competition, four of the top 10, and seven of the top 20 Division I programs, were Pac-10 members: No. 1 STANFORD, No. 6 UCLA, No. 9 CALIFORNIA, No. 10 ARIZONA STATE, No. 13 USC, No. 16 ARIZONA and No. 17 WASHINGTON.

The Pac-10 captured eight NCAA titles in 2002-03, most of any conference. The Pac-10 total of eight edged out the Southeastern Conference, which was runnerup with seven NCAA crowns. No other conference earned more than three NCAA championships. The Pac-10 had the most NCAA titles of any conference in women's sports with five, and tied with the SEC for most in men's sports with three. NCAA team champions from the Pac-10 in 2002-03 came from: Stanford (men's water polo, men's cross country), UCLA (men's soccer, gymnastics, women's water polo, softball), and USC (volleyball, women's golf).

The Pac-10 experienced continued success in football as the league sent six teams to bowl games. The Pac-10 also showed its worth on the basketball court, as it sent five teams into the Men's NCAA Tournament. The Conference continued its dominance in softball as all eight teams made it to the NCAA Regional Tournament for the third time, marking the fifth consecutive season the Pac-10 has sent at least seven teams to regionals. Arizona, California, UCLA and Washington made it to the Women's College World Series where the defending NCAA champion Golden Bears and Bruins battled for the national title, the 10th time Conference teams have faced each other in the championship game, and the 20th time in 22 years the Pac-10 has sent at least one team to the title game. The Bruins persevered to win their ninth NCAA softball crown.

On the men's side, Pac-10 members have won 243 NCAA Team Championships, far ahead of the the 184 claimed by the runner-up Big Ten. Men's NCAA crowns have come at a phenomenal rate for the Pac-10 - 15 basketball titles by five schools (more than any other conference), 48 tennis titles, 45 outdoor track and field crowns, and 24 baseball titles. Pac-10 members have won 23 of the last 34 NCAA titles in volleyball, 29 of the last 44 in water polo, and 20 total swimming and diving national championships.

Individually, the Conference has produced an impressive number of NCAA men's individual champions as well, claiming 1071 NCAA individual crowns.

On the women's side, the story is much the same. Since the NCAA began conducting women's championships 22 years ago, Pac-10 members have claimed at least four national titles in a single season on 14 occasions. Overall, the Pac-10 has captured 82 NCAA women's crowns, easily outdistancing the Southeastern Conference, which is second with 58. Pac-10 members have dominated a number of sports, winning 16 softball titles, 14 tennis crowns, eight of the last 13 volleyball titles, ten of the last 14 trophies in golf and eight of the last 14 in swimming and diving.

Pac-10 women athletes shine nationally on an individual basis as well, capturing an unmatched 404 NCAA individual titles, an average of nearly 19 champions per season.

# Pac-10 Bowl Game Arrangements

The Pacific-10 Conference has arrangements with six bowl partners. The lineup is led by the Rose Bowl, which is the destination for the Pac-10 champion, unless said champion is ranked No. 1 or No. 2 in the final Bowl Championship Series rankings. In that case, the champion would play in the BCS National Championship Game, which this season is the Nokia Sugar Bowl on January 4, 2004.

Agreements also remain in place with the Pacific Life Holiday Bowl, Wells Fargo Sun Bowl and Silicon Valley Classic.

Regardless of the disposition of the Pac-10 champion, a second Pac-10 team may be selected for an at-large berth in the Bowl Championship Series in any given year. Pac-10 agreements with its other bowl partners provide for that occurrence.

Following is a summary of Pac-10 bowl arrangements and selection procedures for the 2003-04 season:

## 1. Rose Bowl

The Pac-10 champion goes to the Rose Bowl, unless such champion is ranked No. 1 or 2 in the final BCS standings at the conclusion of the regular season. In that case, it would play in the BCS National Championship Game in the Nokia Sugar Bowl.

## 2. Pacific Life Holiday Bowl

After the Pac-10 champion goes to the Rose Bowl (or BCS Championship Game), the Pacific Life Holiday Bowl receives the highest remaining team in the Pac-10 standings. If there is a tie for that position, the Holiday Bowl has the right to select from between or among the tied teams.

## 3. Wells Fargo Sun Bowl

After the Pac-10 champion goes to the Rose Bowl (or BCS Championship Game) and a second Pac-10 team to the Pacific Life Holiday Bowl, the Wells Fargo Sun Bowl receives the highest remaining team in the Pac-10 standings. If there is a tie for that position, the Wells Fargo Sun Bowl has the right to select from between or among the tied teams.

## 4. Insight Bowl

After the berths in the Rose, Pacific Life Holiday and Wells Fargo Sun bowls are filled, the Insight Bowl receives the

highest remaining team in the Pac-10 standings. If there is a tie for that position, the Insight Bowl has the right to select from between or among the tied teams.

## 5. Las Vegas Bowl

After the berths in the Rose, Pacific Life Holiday, Wells Fargo Sun and Insight bowls are filled, the Las Vegas Bowl receives the highest remaining team in the Pac-10 standings. If there is a tie for that position, the Las Vegas Bowl has the right to select from between or among the tied teams.

## 6. Silicon Valley Classic

After the berths in the Rose, Pacific Life Holiday, Wells Fargo Sun, Insight and Las Vegas bowls are filled, the Silicon Valley Classic receives the highest remaining team in the Pac-10 standings. If there is a tie for that position, the Silicon Valley Classic has the right to select from between or among the tied teams.

## ROSE BOWL SELECTION PROCEDURES

If a Conference team is ranked No. 1 or No. 2 in the Bowl Championship Series (BCS) ranking system, it shall participate in the National Championship Game designated by the BCS. If that is not the case, the following procedures will determine the Pacific-10 Rose Bowl Representative or the automatic representative to the Bowl Championship Series in years in which the Rose Bowl is hosting the National Championship Game. The Pac-10's Rose Bowl representative shall be that member's team with the best record Conference games. If, however, the records in Conference games of two or more members are identical, determination of the Rose Bowl representative shall be as follows:

**Two-Team Tie:** If the tied teams played one another, the winner of that game shall be the representative. If they did not play one another, than the following procedure shall be used to determine the representative. Each team's record against the team occupying the highest position in the final regular-season standings that each team has played shall be compared, with the procedure continuing down through the standings until one team gains an advantage.

When arriving at another group of tied teams while comparing records, use each team's collective record against the tied teams as a group.

If a team or teams are still tied after comparing their records all the way through the Conference standings, the team with the highest ranking in the final BCS standings shall be the Rose Bowl representative.

If a tie remains, the team most recently earning Rose Bowl or Bowl Championship Series automatic selection shall be eliminated.

**Multiple Ties:** When three or more teams are tied in conference play, if one team has defeated all others, it shall be the Rose Bowl representative. If that is not the case, a team defeated by all other teams shall be eliminated and the appropriate two-team or multiple-team selection procedures will be utilized.

If more than two teams are still tied, each team's record against the team occupying the highest position in the final regular-season standings that each team has played shall be compared, with the procedure continuing down through the standings until one team gains an advantage.

When arriving at another group of tied teams while comparing records, use each team's collective record against the tied teams as a group.

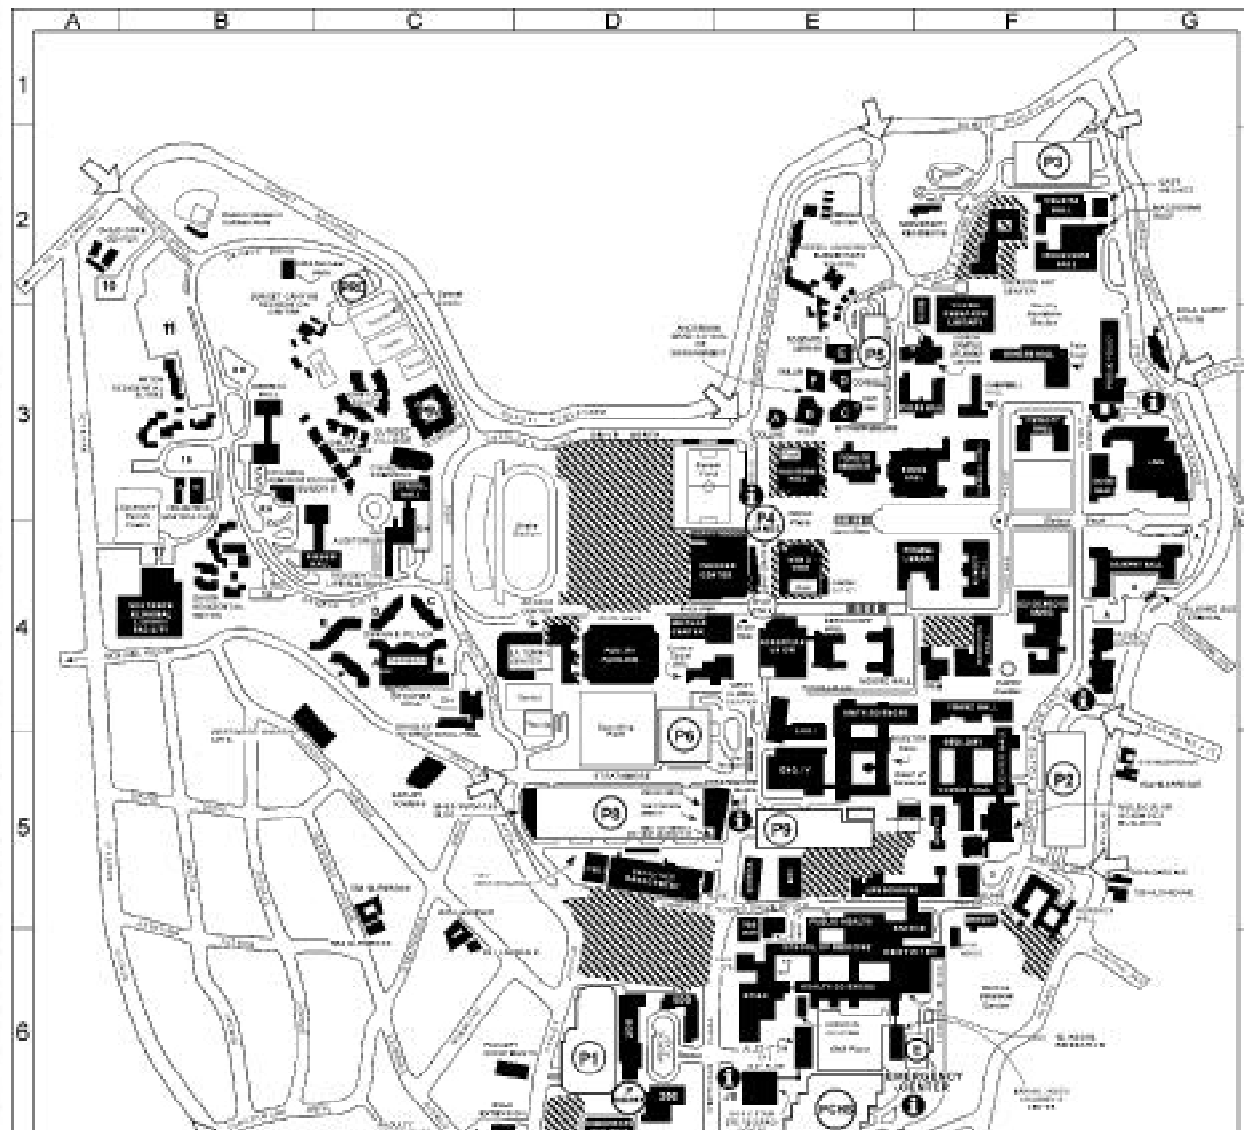

If at any point the multiple-team tie is reduced to two teams, the two-team tie-breaking procedure shall be applied.

If a team or teams are still tied after comparing their records all the way through the Conference standings, the team with the highest ranking in the final BCS standings shall be the Rose Bowl representative.

If a tie remains, the team most recently earning Rose Bowl or Bowl Championship Series automatic selection shall be eliminated.

**Ineligible Team:** Teams ineligible to participate in the Rose Bowl shall not be included in the tie-breaking formulae, except their games against other institutions shall count and may be utilized to break ties between other eligible teams.
