2007 UCLA vs. USC Dual Meet Recap (4/27-28)

The Bruins succumbed to their first dual meet lost since the 2001 season as the Trojans defeated UCLA 84-79. During the meet, several Bruins posted individual victories - Austin Ramos (1500m, 3:50.72); Alex Crabill (5000m, 14:41.47); Brandon Johnson (400m hurdles, 50.76); Henry Hagenbuch (steeple, 9:13.81); Mike Landers (pole vault, 17-6); Michael Johnson, Jr. (triple jump, 50-11.50); and Greg Garza in the discus (197-10). UCLA swept the 5000m, steeplechase and discus competitions, but were unable to make up ground in the sprints.

BRUIN VARSITY CLUB

MISSION STATEMENT

The mission of the Bruin Varsity Club is to sustain, encourage and support the growth and tradition of UCLA Intercollegiate Athletics.

The Bruin Varsity Club serves to bridge the gap between UCLA varsity sports various generations of athletes and their geographical location.

Through the common bond of athletics and Bruin pride, the Bruin Varsity Club will promote and develop the ongoing relationship between all former UCLA varsity letterwinners and the existing UCLA Athletic program.

The Bruin Varsity Club embraces the University's primary goal of academic excellence, while acknowledging and honoring its members as an integral part of the most successful athletic program in the history of college sports.

all-time top-10

Here is a list of the 10 best performers in Bruin track history. Because of the statistical acceptance of automatic timing almost to the exclusion of hand-times, all marks in the speed-related track events have been converted to automatic-metric times by factors indicated with each event. The year following an athlete's name is the year of the performance.

drake stadium-home of the bruins

Drake Stadium, one of the finest track and field facilities in the world, is now in its 38th season as the on-campus home of the Bruin men's and women's track and field teams.

The stadium took on a new look almost eight years ago (August-December 1999) when it was transformed into a state-of-the-art soccer/track and field facility, adding the Frank W. Marshall Field at Drake Stadium. The stadium provides seating for 11,700 spectators. The cost of the project was \$1.5 million and was made possible by a lead gift from Frank Marshall and Kathleen Kennedy. All the money was raised from private funds; no state money was utilized.

The track in the facility has been converted from a conventional American 400-yard eight-lane oval with a 106-degree radius turn to a new European 400-meter nine-lane (48" width lane) with a 136 degree radius on the turn. The surface is tartan provided by Martin Surfacing. There is 13mm of surface material on top of an asphalt base. A track/field drainage system is flush mounted to the inside of lane one. Also on the inside of lane one is an electrical/timing chase that will house the Lynx timing system for the track.

Other track and field enhancements include: the steeplechase pit has been moved "inboard" of the track on the north turn; the field events include shot, discus and hammer rings at both the north and south ends of the infield and a javelin runway is also located on both ends to accommodate for the prevailing winds for all these events. A new top of the line hammer and discus cage was erected in the Spring of 2007. In addition, the high jump area has been moved to the south end of the track stadium on its own tartan surface. The north end of the facility has practice pits for the shot, hammer and discus. The stadium has four long/triple jump pits, featuring 38-foot-long sand-filled pits. There are two practice pole vault pits and one infield runway that can accommodate the pit on either the north or south end to take advantage of the wind.

Thanks to the change in the configuration of the track, the grass infield is now wide enough to house a regulation 75-yard by 120-yard soccer field, the Frank W. Marshall Field.

Another enhancement for Frank W. Marshall Field at Drake Stadium is a scoreboard which measures 25-feet high by 29-feet wide and costs \$180,000. The board was a gift of Kay and Paul Seider. It is a matrix board, allowing for scoring and statistics to be presented for track and field, soccer and football. The system can be connected to the Lynx timing system, which will give instant time and place formation for race finishes. The board will always keep the time of day and has the capability of measuring and displaying temperature and wind direction/speed for track meets.

Since its inaugural meet on Feb. 22, 1969, the stadium has been the site of numerous championship meets, including the National AAU in 1976-77-78, the Pacific-8 Championships in 1970 and 1977 and the California CIF High School meet in 1969-71-77. In 1988, Drake Stadium hosted the Pacific-10 Track and Field Championships, and in 1994, the facility hosted the first-ever California-Nevada Championships. Drake Stadium again hosted the Pacific-10 Track and Field Championships in 1996 and 2005. The stadium also has been the home for UCLA women's track teams since 1975. It was the site of the National Collegiate T&F Championships (the AIAW) in 1977. It also is used each year for special campus events, such as the annual UCLA Commencement Exercises in June.

In 1973, it was officially named Drake Stadium in honor of a legend at UCLA, Elvin C. "Ducky" Drake, who had been associated with his alma mater as a student-athlete, track coach and athletic trainer for over 60 years. Drake died in Los Angeles of a heart attack on Dec. 23, 1988. He was 85.
