

Instructions for Competitors for the UCLA Invitational

Saturday, May 3, 2003

Drake Stadium, UCLA

Please note the schedule (attached) for the UCLA Invitational has been condensed based on the number of entries received.

Please read these instructions in order to be ready for competition on Saturday, May 3.

Entry:

The entry fee for all competitors has been waived. However, entries are also closed and new entries will not be accepted. Start lists are posted on www.uclabruins.com (men's or women's track pages).

Format:

In all field events except the high jump and pole vault, all competitors will receive six attempts. In order to offer maximum competitive opportunities to long-throw competitors and keep to our time schedule, we are also proposing a special protocol for the hammer, javelin and discus competitions:

In each event, the first legal throw by each competitor will be marked and measured as normal. However, after this first legal mark is made, only improvements to that mark will be measured unless requested by a coach, who may do so after any throw. Each competitor's best mark will be recognized by a marker to allow easy identification of whether an effort is better or worse.

Please contact us immediately if you have specific questions about, or objection to, this competition protocol.
