2008 IN REVIEW

UCLA posted a 16-8 overall record in 2008, finishing fourth in the MPSF standings and in the final national poll. The Bruins registered a fourth-place finish at the MPSF Tournament after having finished second and fourth, respectively, at the annual NorCal and SoCal Tournaments.

Led by seniors Chris Allen, Krsto Sbutega and Russell Simpkins, the Bruins earned their first victory against California since 2005 with a 6-4 win in a NorCal Tournament semifinal match on Sept. 21. UCLA opened its season having collected eight wins through its first nine games. In MPSF play, the Bruins earned victories against Long Beach State, California, Pacific, UC Irvine and UC Santa Barbara.

Sbutega stood out in his senior season as UCLA's primary offensive weapon. The native of Kotor, Montenegro led the Bruins with a career-high 50 goals before securing first-team ACWPC All-America and first-team All-MPSF accolades. Offensively, UCLA was bolstered by the strong play of junior Scott Davidson (34 goals) and sophomore Ben Hohl (33 goals). Junior Scott Swanson established himself as one of the Bruins' most dependable veterans, totaling 18 goals and winning a team-high 53 sprints.

The 2008 season also featured the development of several rising youngsters. Sophomore Jacob Murphy proved to become UCLA's

most critical threat at the two-meter position, finishing the season with 21 goals (fourth-highest on the team). After redshirting the 2007 campaign, freshmen Cullen Hennessy and Matt Preciado each compiled impressive rookie seasons, logging 14 goals and 10 goals, respectively.

Junior Chay Lapin continued to emerge as one of the nation's most talented goalkeepers. The native of Long Beach, Calif., logged a 6.35 goals against average and collected 206 saves in 23 games. Lapin served as UCLA's goalkeeper in 90 percent of the team's minutes and capped his junior campaign by earning honorable mention ACWPC All-America accolades and second-team All-MPSF honors.

Sbutega helped UCLA open the season with a 10-4 victory at UC Irvine, scoring a career-high five goals in the non-conference affair. He followed that effort one week later, in UCLA's second match, with a four-goal output at Pacific in the NorCal Tournament. Lapin helped UCLA secure victories in back-to-back games against Long Beach State and Loyola Marymount, notching 15 saves in each contest.

The Bruins entered the SoCal Tournament with a respectable 6-1 record and won their first two games before dropping consecutive contests to Stanford and California the following

day. After a loss to Stanford in MPSF play on Oct. 18, the Bruins rebounded with three consecutive victories against Brown, California and Pacific.

More than past the midway point of their 2008 schedule, the Bruins dropped a 6-3 decision at USC on Nov. 1, before bouncing back with four straight wins – versus UC Irvine, Concordia, UC San Diego and at UC Santa Barbara. UCLA dropped a 9-5 decision in an MPSF match at Pepperdine on Nov. 22, sending the Bruins to the No. 4-seed in the conference tournament.

Playing at Pepperdine the following weekend in the MPSF Tournament, UCLA opened its slate with a convincing 11-8 victory over California. UCLA lost consecutive contests on the final two days of the tournament – 9-5 to USC, and 10-7 to Stanford – to conclude the season with a 16-8 mark.

Both Sbutega and Lapin earned All-MPSF Team honors, and Sbutega was joined by Hennessy, Hohl, Tyler Jemmett and Nick Zakula as ACWPC Academic All-America selections. Sbutega was named an ACWPC All-America selection, and Davidson, Hohl and Lapin earned honorable mention All-America accolades.

MOUNTAIN PACIFIC SPORTS FEDERATION

The Mountain Pacific Sports Federation (MPSF) was established during the 1992-1993 season to serve the competitive needs of member institutions from the Big West, Pacific-10 and Western Athletic Conferences, as well as other selected universities in the western United States; and to provide championships competition for Division I intercollegiate Olympic sports in a conference setting. The three founding principles on which the MPSF was originally formed were to provide enhanced competition and championship opportunities for sports without conference affiliation; to contain the costs of competition; and to ensure the survival of sports impacted by Title IX and other fiscal pressures. The Federation has also served as an incubator for emerging women's sports and as a safe harbor for sports impacted by conference realignments. Since its inaugural season the Federation has seen its primary conference membership grow by the addition of the Mountain West and West Coast Conferences and their respective member institutions, as well as the addition of women's gymnastics and women's lacrosse. As a testament to its viability, the Mountain Pacific Sports Federation continues to successfully navigate the ever-changing sea of college sports by fostering contraction and expansion of its sports portfolio to meet the dynamic needs of its members. As the MPSF begins its 18th year in 2009-2010 and continues its legacy of championship competition, it affirms the relevance of its three founding principles, particularly with today's tumultuous economy.

In 2009-2010, the MPSF will again sponsor competition in nine intercollegiate Olympic sports while serving over 1,500 student-athletes and approximately 71 teams from 34 universities in 12 western states. All MPSF teams compete at the NCAA Division I level in men's soccer, men's and women's water polo, men's and women's indoor track and field, men's and women's gymnastics, women's lacrosse and men's volleyball. MPSF champions are eligible to compete in NCAA Championships with MPSF men's soccer, men's and women's water polo, and men's volleyball champions earning automatic qualification into NCAA championship events.

2008-2009 was a season of "first-ever's" as four titles were garnered by teams that had never previously experienced MPSF or NCAA titles. For the second-consecutive year, five MPSF teams won NCAA championships to bring the NCAA team championship total to 58 titles since the Federation's first season of competition in 1992-93. 24 Federation teams and scores of MPSF student-athletes competed in NCAA post-season competition last year. USC led the charge by winning both the MPSF and NCAA men's water polo title and following with the MPSF women's water polo title as well. However, UCLA went on to win their fifth-consecutive NCAA women's water polo championship and seventh in the nine years that championship has been held. University of Denver won its first-ever MPSF men's soccer championship, breaking the four-year streak of New Mexico before falling in the first-round of NCAA tournament competition. In men's indoor track and field, UCLA won the MPSF title while the Oregon men went on to win its first-ever NCAA indoor championship. Stanford took the MPSF women's indoor track and field championship for the fifth time in seven years. The Cardinal pulled a double win in men's gymnastics taking the Federation and NCAA titles for the first time since 1994-95. Stanford also pulled this double win during the MPSF's inaugural season in 1992-93. In another first-ever feat, Alaska Anchorage beat the field to win its "first-ever" Federation title in women's gymnastics. To round out the season, USC took its "first-ever" MPSF men's volleyball title with a determined charge by a young Trojan team at season's end, falling just short of an NCAA title, which was won in a rousing five-set title match by a veteran UC Irvine squad; their second NCAA title in three years.

Al Beaird has been the Federation's only executive director, taking the reigns after being selected by the MPSF Administrative Committee in December 1997 after a national search. Beaird's position was established as a result of the Federation's continued growth and emerging tradition of NCAA and national championship caliber play, including 43 NCAA team championships during his tenure. Beaird, who

formerly served on the athletics staff at his alma mater, UC Davis, where the integration of student and athlete is a long-rooted philosophy, oversees the administration of all Federation sports, having worked closely with administrators and coaches from more than 40 different universities over the course of his administration. Beaird presided over the transition of the Federation from what was initially a scheduling alliance to what is now a nationally recognized NCAA Division I multi-sports conference. Beaird directs all aspects of MPSF competition, including championships, officiating, rules compliance, scheduling, media relations, broadcasting, sponsorships and NCAA relations, while also shaping conference legislation, facilitating annual meetings and providing direction and communication for the Mountain Pacific Sports Federation Administrative and Executive Committees. In 2004, Beaird completed a four-year term, three years as chair, on the NCAA Men's Water Polo Championships Committee and one year as chair of the inaugural NCAA Men's and Women's Water Polo Rules Committee. Beaird feels privileged to work with coaches and student-athletes who compete at the highest levels, including many who compete on USA national teams as coaches or players in international and Olympic competition. With his high level of involvement in NCAA Olympic sports, Beaird is often called upon to serve as liaison to the national governing bodies for amateur athletics in the United States and the United States Olympic Committee. Beaird received his undergraduate degree in physical education from UC Davis in 1977 before attaining his Masters of Business Administration from California State University, Sacramento in 1993. Beaird, who lives in Woodland, California, has two daughters who are active in high school and club sports.
