"I chose UCLA for its outstanding academic and athletic competition. At UCLA you are constantly surrounded by the top athletes in the world and that adrenaline and motivation carries over from team to team. Being welcomed into a department that boasts more NCAA Championships than any other university, and knowing that I can be a part of it, is amazing."

"I picked UCLA because it had everything that I was looking for – great academics, strong team dynamics, a very supportive athletic department and an awesome new city to explore. I can't imagine going to another university and getting the same experience. UCLA was far away from home, but I immediately felt like I belonged when I got here."
