

UCLA clinched its third-straight Pac-10 title with a 2-1 victory over Arizona State on Nov. 6, 2005 at Drake Stadium.

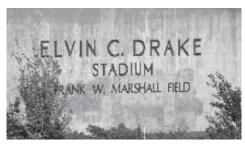

The UCLA women's soccer team will begin its seventh year of play on Frank W. Marshall Field at Drake Stadium when the 2006 home season kicks off on Sept. 1 against San Diego State.

The stadium, which has served as the on-campus home of the Bruin men's and women's track and field teams since 1969, took on a new look in the spring of 1999 when it was transformed into a state-of-the-art soccer/track & field facility. The stadium provides seating for 11,700 spectators. The cost of the project was \$1.5 million and was made possible by a lead gift from Frank Marshall and Kathleen Kennedy. Marshall is a longtime UCLA soccer fan and was a member of UCLA's first NCAA men's soccer team in 1967.

The grass infield, named the Frank W. Marshall Field, houses a regulation 75-yard by 120-yard soccer field. The UCLA men's and women's soccer teams use this field for competition and the adjacent North Athletic Field for practice. The Bruins previously played their games on the North Athletic Field, as well as on Spaulding Field and Murdock Stadium at El Camino College. UCLA's all-time record on Frank W. Marshall Field is 52-8-1.

The UCLA women's soccer team made Frank W. Marshall Field at Drake Stadium its official home in 2000. Prior to that, the Bruins had matches at Spaulding Field, the North Athletic Field, and El Camino College.

Frank W. Marshall Field at Drake Stadium hosted its firstever regular season soccer game on Sunday, Sept. 17, 2000 when the UCLA men defeated the University of San Francisco, 3-0. The UCLA women first played on the field on Oct. 15, 2000, defeating Oregon, 8-0 in front of 1,742 fans in attendance.

The past eight seasons, Frank W. Marshall Field has served as host of early-round NCAA Women's Soccer Tournament games. In fact, the Bruins take an 11-match NCAA home winning streak into the season. UCLA's last NCAA defeat at home was a third round loss to Texas A&M back in 2002.

DANIEL G.
GUERRERO
Director of Athletics
Fifth Year / UCLA '74

In just four years as UCLA's Director of Athletics, Daniel G. Guerrero has boldly placed his imprint on the school's athletic program.

A former Bruin baseball player, Guerrero exudes the pride of a student-athlete who is now calling the shots at his alma mater. Hailed as one of the nation's leading athletic directors, his first four years in this position have resulted in unprecedented success for the Bruins' broad-based athletic program. Guerrero has clearly established a pattern of "image and substance" that few in his profession can match. UCLA stands as the No. 1 university in the nation for NCAA Team Championships won (99 heading into 2006-07), a number that continues to grow under his direction.

During Guerrero's tenure, UCLA teams have won 13 NCAA championships (thehighesttotal in the nation in that span), finished second 10 times and have had an additional 10 Top Five finishes. A staggering 76 teams (of 92 possible) have qualified for NCAA post-season competition, and the football team has appeared in four bowl games. The program has also won 28 conference championships, produced 231 All-Americans and featured four Honda Award winners, including the 2003-04 Collegiate Woman of the Year.

Over the past four years, Guerrero earned numerous honors, including 2002 UCLA Latino Alumnus of the Year; 2003 Cal State Dominguez Hills Alumnus of the Year and 2003 "Father of the Year" by the Father's Day Council of the American Diabetes Assn. On Sept. 10, 2002, the Los Angeles City Council honored him with Dan Guerrero Day. He also became the first athlete in any sport at Banning High School to have his jersey (No. 8 in baseball) retired. Guerrero was named one of the nation's Top 100 Most Influential Hispanics by Hispanic Business Magazine, and the May 5, 2003 issue of Sports Illustrated listed him No. 28 among the 101 Most Influential Minorities in Sports.

Guerrero, 54, came to UCLA in 2002 from UC Irvine, where he had served as UCI's fifth Director of Athletics for 10 years. Prior to arriving at UC Irvine, he was the Athletic Directorforfive years at Cal State Dominguez Hills (1988-92). He received his Bachelor's degree from UCLA in 1974 and played second base in the Bruin baseball program for four years. Born on November 10, 1951 in Tucson, AZ, he is married to the former Anne Marie Aniello and they have two daughters: Jenna (24) and Katie (20).

KEN Weiner

Assoc. Athletics Director 13th Year / UCLA '78

Ken Weiner enters his 13th year as Senior Associate Director-Business Operations at UCLA Athletics and his 27th year overall with the university.

His duties include the administration and supervision of six Bruin sport programs, including baseball, men's and women's soccer, women's swimming and diving, and men's and women's waterpolo. During his tenure at UCLA Athletics, his sports have garnered 11 national championships and numerous conference championship titles. He also oversees new business and project development and capital improvements for the department. Weiner spear headed the negotiations that resulted ina 20-year agreement between UCLA and the Rose Bowl including much needed facilities improvements for the football program. In addition, he supervises the athletic facilities division, the operations of UCLA's sports practice and competition venues, game and eventoperations, department and team travel and UCLA Camps and Clinics.

Weiner is responsible for several major capital improvements for Athletics, including the renovated J.D. Morgan Intercollegiate Athletics Center and Acosta Student Athlete Training Center, the new Hall of Fame, the Jackie Robinson baseball and Easton softball clubhouse construction and stadium renovations, the Drake Track/Marshall Field renovation, a new golf practice facility, Pauley Pavilion interior upgrades and the North soccer field construction. Current projects underway include the construction of the new Knapp Football Center, the buildout of the Olympic Sport Locker Rooms in the Acosta Center, the new Spieker Aquatic Center and the renovation of the football practice facility. Future projects could include a Pauley Pavilion renovation and construction of a new Academic Studies Center.

He participates on a number of campus steering committees on behalf of Athletics, including the Campus Facilities Coordination, Campus Project Review and the Alumni Advisory Board. Weiner is a member of NACDA and IAAM. He has served on various committees for the NCAA, most recently as chairman of the Men's Water Polo Committee.

Prior to his appointment at UCLA Athletics, Weiner co-founded and served as Associate Director of the UCLA Central Ticket Office and continues to serve as the liaison between the Athletic Department and the CTO. He earned a Bachelor of Arts degree from UCLA in 1978, majoring in Psychology. He graduated with honors and was bestowed a Chancellor's Marshall award for service to the university. He and his wife, Caren, have two children, Nicole. 20. and Kevin. 17.

Named after former athletic director J.D. Morgan, UCLA's athletic department is located on the east side of Pauley Pavilion and just west of Ackerman Union. Along with housing offices for Bruin coaches and staff, it features an interactive Hall of Fame promoting UCLA's great tradition, a modern student-athlete academic computer room, as well as meeting facilities.

Royce Hall

UCLA faculty have been awarded two Nobel Prizes in recent years: biochemist Paul Boyer in chemistry (1997) and pharmacologist Louis Ignarro in medicine (1998). Among faculty there have been three other Nobelists, nine National Medals of Science recipients and hundreds of Guggenheim Fellowships, Fulbright Awards and other academic distinctions. UCLA educates more students than any other university in California and was the most sought-after institution in the nation for this fall's freshman class. At UCLA, thousands of students extend their educations beyond the classroom by working directly with faculty on research projects. Many UCLA undergraduates participate in major research studies, working one-on-one with world-renowned scholars as they discover and create new knowledge. UCLA's alumni are bright stars on the world stage. They include leaders of industry and commerce — Oscar, Grammy, Tony, and Emmy winners; philanthropists and public servants; Olympians and professional athletes; educators, engineers, bankers, and astronauts.

Books & Technology

The UCLA Library is ranked among the top ten academic research libraries in North America with holdings of nearly 7.6 million volumes. From the birth of the Internet at UCLA in 1969, UCLA continues to be a leader in resources for learning. UCLA is nationally recognized for developing ground-breaking computer services for undergraduates and was the first university to have a website for every undergraduate student. The university provides an innovative, on-line tool called "My.ucla.edu," which provides a Web page tailored to each student's academic needs.

The John Wooden Recreation Center

Outreach & Community Service

From its founding, UCLA has been an integral and contributing part of the greater Los Angeles community. Outreach programs and volunteerism are as much a part of UCLA as academics and research, with hundreds of UCLA-sponsored programs providing a wide range of opportunities. Nearly 30 percent of UCLA's undergraduates volunteer for these programs, including tutoring youths, adults and incarcerated youths; addressing health and educational needs of underserved communities; combating poverty and homelessness; aiding the elderly and disabled; and providing legal, social, medical and educational assistance to community residents.

Through academic outreach, UCLA works with K-12 schoolsthroughoutLosAngelestohelpgreaternumbers ofstudentspreparetocompetesuccessfullyforcollege. UCLA also is partnering with community colleges to increase the number of underrepresented students transferring to the university. Additionally, UCLA faculty, researchers and students provide leadership and public service in health care, law, economic development, social welfare, urban planning, public policy, arts and the environment. Most academic departments have research projects, field studies or student internships that affect people's lives in Los Angeles, the state and the nation.

Health Care

Each year more than 300,000 patients from Southern California, the U.S. and around the globe come to the world-renowned UCLA Medical Center for treatment, while thousands more area residents receive care through Santa Monica-UCLA, primary care offices and community outreach health programs. The four schools in the medical enterprise are medicine, dentistry, nursing and public health. The medical center has been ranked as the best hospital in the West by

The UCLA Store at Ackerman Union

U.S. News & World Report for 14 consecutive years. A new state-of-the-art medical center, which includes UCLA Medical Center, UCLA Neuropsychiatric Hospital and Mattel Children's Hospital at UCLA, is under construction and is scheduled to open in 2006. Santa Monica-UCLA renovations are scheduled for completion in 2006 as well. Groundbreaking research is constantly taking place in the Jonsson Comprehensive Cancer Center, the Gonda (Goldschmied) Neuroscience and Genetics Research Center and in many other centers and laboratories on campus.

The Arts

A diverse array of public arts programming makes UCLA the leading arts and cultural center of the West. More than 500,000 people annually attend arts events including theater, music, opera and dance performances, lectures, poetry readings, exhibitions, film screenings, and media arts that are presented by UCLA's two professional arts schools. Check the Web sites at www.arts.ucla.edu and www.tft.ucla.edu for more information.

Lifelong Learning

Another prime example of UCLA's connecting with the community is through UCLA Extension, one of the nation's largest divisions of continuing higher education, offering more than 4,500 courses each year in diverse fields of study. In addition, the university conducts
