National Rankings

In collegiate track and field, there are two national rankings- **Trackwire** and the USTCA sponsored **Team Power Ranking**.

Trackwire's National Top 25 is a power ranking of NCAA Div. I T & F teams. This ranking's methodology takes into account a

variety of statistical predictors and is intended to project the outcome of the 2003 NCAA Div. I T & F Championships (June 11-14, Sacramento, CA). The scores provided with the rankings indicate each team's projected score based on formcharts for each NCAA event. Team Power Ranking is a computer program rating teams by individual marks and dual meet strength (as of May 14, the UCLA women were ranked No. 1). Trackwire National Top 25 Rankings

Bruin Injury Update

Tiffany Burgess Has Toe Surgery, Ends Her Collegiate Career

UCLA senior Tiffany Burgess, whose 800m time of 2:04.54 is No. 5 on the current U. S. list (as of April 30), on Friday (April 25) had toe surgery. The six-to-eight week healing process and following rehabilitation means she will miss the upcoming Pac-10, NCAA Regional and NCAA Outdoor Championships, ending her outstanding Bruin collegiate career as one of the nation's top young, middle distance runners.

Burgess, who prepped at Van Nuys Birmingham HS, fractured the big toe on her right foot on April 19, running in the invitational 800m at the Mt. SAC Relays. Burgess was leading the race after the final turn (when she suffered the injury) and finished in sixth-place with a time of 2:04.62.

Burgess ran her season-best 800m mark of 2:04.54 on April 5, winning the event at the Rafer Johnson/Jackie Joyner-Kersey Invitational, held at Drake Stadium. During her Bruin career, Burgess was an NCAA Champion, running on UCLA's winning distance medley relay at the 2002 NCAA Indoor. She also earned NCAA Indoor All-American honors in 2003 (800m) and again in 2002 (4 X 400m relay). During the 2002 outdoor season, Burgess held the UCLA school record in the 800m (personal-best 2:03.73, May 4) for several months, until teammate Lena Nilsson established the new school mark of 2:02.26 on Aug. 13.

"I would be hard-pressed to identify an athlete in our program over the last four years that has grown more as a student-athlete than Tiffany Burgess," said UCLA distance coach Eric Peterson. "She started as a walkon athlete, running 2:17 in the 800m and has developed into one of the nation's top, young 800m runners. Losing her is a blow to our team and so very disappointing for Tiffany. Prior to the injury, she was running at an all-time high level and was very excited for the upcoming postseason. The good news is this is not a career-threatening injury, and her future as a national class runner is very bright."
