Director of Cross Country

Sixth Year

## Mike MAYNARD

Azusa Pacific, 1986

Mike Maynard enters his sixth season at UCLA and his third as the Director of Track and Field/Cross Country. In addition to being Director, Maynard also oversees the men's and women's throws program and coordinates all aspects of training for the Bruin decathletes. Maynard was the Bruin men's track and field head coach from 2010-12, as well as the throws coach for both squads. Prior to coming to UCLA, Maynard was head coach/throws coach at Boise State for nine years.

The 2013 season saw Kelsey Smith and Nick Hartle earn all-Pac-12 accolades. Smith went on to earn USTFCCCA All-Region honors and was joined by Nohe Lema. The 11th place finish for Smith at the NCAA regional meet was the best by a female Bruin since 2006. The all-region honor for Lema was his second in as many seasons. Off the course, 23 Bruins were named to the Pac-12 All-Academic team.

In 2012, the UCLA cross country teams experienced their best season in recent years, with the men finishing in 13th place at the NCAA Championships, their highest finish since 1985, and claiming an All-American in Lane Werley. The UCLA men also enjoyed a third-place finish at the NCAA Regional meet and had four runners earn All-West Region honors. Werley also earned first-team All-Pac-12 honors after placing fifth at the Pac-12 Championships. On the women's side, the Bruins placed sixth at the Pac-12 Championships and seventh at the NCAA West Region Championships. They also ranked as high as 24th during the year in the coaches' poll.

The 2011 cross country squads competed well in the inaugural season for the new Pac-12 Conference. In spite of new conference competitors, Colorado and Utah, the Bruin men upheld their fourth place position in the conference with a fourth place finish at the 2011 Pac-12 Champi-

onships. The team claimed back-to-back team victories at the Nevada Chase and Aztec Invitational, culminating their season with a sixth place finish at the NCAA West Region Championships. Senior Kent Morikawa earned first team all Pac-12 Conference honors after placing eighth over and he, and fellow Bruin Nohe Lema were named to the USTFCCCA All-West Region team after their performances at the regional meet in Palo Alto, CA. In track, the men finished 17th behind All-American performances by Mike Woepse (2nd in pole vault), Alec Faldermeyer (3rd in hammer) and Marcus Nilsson (6th in decathlon). This was a huge improvement on the 34th place finish in 2010, and equaled the second-best team finish in the last ten years.

In his first year with the Bruins, the 2010 men's cross country team sent one athlete to the NCAA Championships, Marco Anzures, and finished fifth at Pac-10s and seventh in the West Region. In outdoor track, the men finished tied for 52nd at the NCAA Outdoor Championships with five athletes earning All-America honors and were fifth at the Pac-10 meet. In indoor track, the men won the MPSF Championship crown and tied for 47th at Nationals.

In his nine years as the head coach at Boise State, Maynard led a program which produced several historic events - back-to-back (2004 and 2005) national championships by Gabe Wallin in the men's javelin, over 50 new school record performances and 30 All-American accolades. The Broncos enjoyed unprecedented success behind Maynard's direction.

Maynard has also guided Bronco student-athletes to over 70 individual WAC Championships and over 90 marks on Boise State's all-time top three performance lists.

Maynard came to Boise State following an outstanding assistant coaching career at the University of Arizona. He was the associate head track and field coach for the Wildcat program for 13 years prior to joining the Broncos. While coaching at Arizona, Maynard guided 32 individual NCAA Division I All-Americans, including three NCAA National Champions.

Maynard's coaching resume also includes a two-year stint as the assistant strength and conditioning coach at Arizona, where he worked with the Wildcat football program as well as being responsible for the Arizona track and field, swimming and tennis teams. He began his collegiate coaching career at Mesa Community College (Ariz.) where he was the assistant track and field coach from 1982-84, and in 1987.

Maynard was also instrumental in bringing a world-class facility to Bronco Track & Field. During his first two years leading the Broncos, Maynard and Boise State were successful in purchasing a world championship caliber track and helped construct the building to put it in. The

Mondo track was used by USA Track and Field and the Georgia Dome for the national indoor championships. The building is the Idaho Sports Center located in the Idaho Center complex in Nampa, Idaho. The track was purchased with a \$250,000 cash gift from John Jackson, President of Jacksons Food Stores in Meridian, Idaho. Boise State has hosted several major meets, including six WAC Indoor Championships. The facility hosted its first national meet in 2005 with the USA Indoor Master's Championships. His efforts culminated last season, when the Boise State facility was host to the NCAA Championships.

Outside the collegiate world, Maynard has coached a World Champion, five different Olympians, a Pan American gold medalist, five USA Track and Field Champions and three American Junior Champions. One of Maynard's former athletes Tony Washington (1990-96), won the World Championship in the discus in 1999. Washington also won the gold medal in the discus at the 1991 Pan American Games along with five USA National Championships.

Maynard is currently an Executive Committee member of the United State Track Coaches Association and the NCAA Division I Track and Field Executive Committee. Maynard was also the head coach for the USA Track and Field team in its dual meet against Germany in 1996. He has served USA Track and Field as the Regional Decathlon Chairman, the United States Olympic Committee as an Elite Throws Clinician, and has been the lead throws clinician for the USA/Visa Decathlon team.

Maynard and his family reside in Valencia. His wife Dee, an RN, works at Ronald Reagan Medical Center at UCLA. His daughter Allyson resides in Boise, and his son Michael attends College of the Canyons.

Distance Coach

Sixth Year

## Forest BRADEN

Boise State, 2007

Forest Braden enters his sixth year with the Bruins and continues to serve as the primary cross country coach.

The 2013 season was highlighted by USTFCCCA All-Region selections Kelsey Smith and Nohe Lema. Smith placed 11th at the NCAA regional meet to mark the best finish for a female Bruin since 2006. Lema earned all-region honors for the second straight season. On top of her all-region selection, Smith was an all-Pac-12 performer with her seventh place finish, the best for a Bruin since 2005. Nick Hartle earned all-Pac-12 honors on the men's side and 23 Bruins were named to the Pac-12 All-Academic Team.

The Bruin cross country teams has seen much improvement under the guidance of Braden. In 2012, the Bruin men experienced their highest finish at the NCAA Championships since 1985, placing 13th overall. Lane Werley became the Bruins' first Cross Country All-American in five years after a 25th-place finish at the NAAs. The UCLA men also enjoyed a third-place finish at the NCAA Regional meet and had four runners earn All-West Region honors (Werley - 5th place, Nohe Lema - 21st, Dustin Fay - 22nd, David McDonald - 23rd). Werley also earned first-team All-Pac-12 honors after placing fifth at the Pac-12 Championships.

On the women's side in 2012, the Bruins placed sixth at the Pac-12 Championships and seventh at the NCAA West Region Championships. They also ranked as high as 24th during the year in the coaches' poll.

During the 2011 season, Kent Morikawa led the men's squad for most of the year, earning All-Pac-12 honors with his eighth-place finish at the conference meet. The men's team finished fourth at Pac-12s and tied for sixth at the West Region, while the women were 10th in the conference and

18th at regionals. During the regular season, the Bruin men claimed back-to-back team victories at the Nevada Chase and Aztec Invitational.

In 2010, both the men and women showed improvement from the 2009 season. The men moved up from fifth to fourth at the conference meet, while the women moved up to sixth at Pac-10s. At the Regional meet, the men finished eighth, and the women improved to 10th.

In Braden's first year with the Bruins in 2009, UCLA sent Marco Anzures and Shannon Murakami to compete at the NCAA Championships. The men also finished fifth at the Pac-10 meet and seventh at the Western Regional. The women were seventh in the Pac-10 and 11th at the regional.

Before joining the Bruins, Braden served as a volunteer coach at Gonzaga, where he worked closely with standout distance coach Pat Tyson in recruiting and facilitating training sessions.

Prior to his coaching stint at Gonzaga, Braden was a three-time All-American runner for coach Mike Maynard at Boise State from 2002-2007, earning accolades in indoor and outdoor track as well as cross country. He also won seven Western Athletic Conference titles as a Bronco.

Braden also ran for Team Indiana Elite for one year and placed in the top-10 in five USATF Championship meets. In 2011, he started competing again on the track, primarily in the 5000m.

Volunteer Coach

Third Year

## Erik STEVENS

Arizona, 2006

Entering his third season as a UCLA volunteer assistant coach is Erik Stevens, who brings 10 years of coaching experience to the Bruin program. Stevens will assist with the UCLA cross country, distance and middle distance programs.

Stevens worked with the University of Arizona cross country and track & field programs for four seasons (2002-06). After earning his degree in 2006, Stevens began working with Arapahoe HS in Centennial, Colo. as an assistant cross country and track and field coach for both the girls' and boys' programs. After two seasons as an assistant coach, he took over as the head coach for the girls' cross country team and had an immediate impact, leading the program to three consecutive Centennial League Championships and five consecutive Regional Championships. In 2012, Stevens helped bring a new school record in the girl's 5k to Emily Wolff (18:05).

Stevens also had success coaching the girls' and boys' track and field distance programs at Arapahoe. Following a successful fall season, Stevens coached Connor Winter to three individual state titles in the 800m, 1600m and 3200m. Winter, now at the University of Colorado, was the first male athlete to accomplish the triple in over 60 years. The following year, Winter tripled once again while running personal best times of 1:52.56 (800m), 4:11.5 (1600m) and 9:09.04 (3200m). At the Midwest Distance Gala, Winter posted a second-place finish in the Mile in a Colorado all-time best time of 4:07.02.

In 2012, Stevens helped guide Devan Foster to individual state championships and school records in the 800m (2:10.50) and 1600m (4:59.68). This past spring season, Stevens coached the girls' 4x800m relay team to a state title (9:10.51) and another school record set by Wolff in the 3200m (11:01.17).

During his UCLA career (1994-98), Mebrahtom Keflezighi won four NCAA individual distance championships, including the 1997 NCAA Cross Country title. Most recently, he won the silver medal at the Athens Olympics in the marathon with a time of 2:11.29 and was the first American male to medal in the marathon since 1976. Keflezighi is the American Record Holder in the 10,000m (27:13.98, 2001), a three-time USATF National Champion in the 10,000m, and two-time World Championships competitor. He also competed in the Sydney Olympic Games in the 10,000m where he finished 12th overall. Meb most recently won the 2014 Boston Marathon.

UCLA is among the world's leading research universities, known for the breadth and quality of its academic, research, health care, cultural, continuing education and athletic programs. A shared public asset, UCLA enriches our neighborhoods, our nation and our world on a daily basis by creating knowledge, educating students, powering the economy and serving the community. Many of its 11 professional schools and academic departments and programs are ranked among the best in the nation. UCLA is a university with the size and scope to allow for unimagined diversity, unmatched breadth and depth of scholarship, and limitless possibility for its 26,600 undergraduates and 12,000 graduate students.

#### FACULTY, STUDENTS & ALUMNI

Five UCLA faculty have been awarded Nobel Prizes — the two most recent are Louis Ignarro in medicine (1998) and biochemist Paul Boyer in chemistry (1997). Among faculty there have been 10 National Medals of Science recipients, and hundreds of Guggenheim Fellowships, Fulbright Awards and other academic distinctions. At UCLA, thousands of students extend their educations beyond the classroom by working directly with faculty on research projects. Many UCLA undergraduates participate in major research studies, working one-on-one with world-renowned scholars as they discover and create new knowledge. UCLA's alumni are bright stars on the world stage. They include leaders of industry and commerce — Oscar, Grammy, Tony, and Emmy winners; philanthropists and public servants; Olympians and professional athletes; educators, engineers, bankers, and astronauts. Founded in 1934, the UCLA Alumni Association serves 88,000 members, part of the larger network of more than 394,000 UCLA alumni, with a comprehensive array of services and programs.

#### BOOKS & TECHNOLOGY

The UCLA Library is ranked among the top 10 academic research libraries in North America with holdings of more than eight million volumes as well as digital resources and services. From the birth of the Internet at UCLA in 1969, UCLA continues to be a leader in resources for learning. UCLA is nationally recognized for developing ground-breaking computer services for undergraduates and was the first university to have a website for every undergraduate. The university provides an innovative, on-line tool called "myucla.edu," which provides a Web page tailored to each student's academic needs.

#### OUTREACH & COMMUNITY SERVICE

From its founding, UCLA has been an integral and contributing part of the greater Los Angeles community. Outreach programs and volunteerism are as much a part of UCLA as academics and research, with hundreds of UCLA-sponsored programs providing a wide range of opportunities. Many of UCLA's undergraduates volunteer for these programs, including tutoring youths,

adults and incarcerated youths; addressing health and educational needs of underserved communities; combating poverty and homelessness; aiding the elderly and disabled; and providing legal, social, medical and educational assistance to community residents. Through outreach and academic preparation programs, UCLA works with K-12 schools throughout Los Angeles to help greater numbers of students prepare to compete successfully for college. UCLA also partners with community colleges to increase the number of under-represented students transferring to the university. Additionally, UCLA faculty, researchers and students provide leadership and public service in health care, law, economic development, social welfare, urban planning, public policy, arts and the environment. Most academic departments have major research projects, field studies or student internships that directly affect people's lives in Los Angeles, the state and the nation.

#### HEALTH CARE

UCLA Health System has been a leader in patient care, medical research and teaching for more than 50 years. Today, our physicians provide an array of cutting-edge and research-based primary and specialty services in four hospitals on two campuses, and in more than 75 clinic locations. Physicians provide specialty services in offices located on the Westwood campus and throughout Santa Monica. Primary care physicians provide healthcare for children and adults in community offices from Manhattan Beach to Malibu. Patients from Southern California, the U.S. and around the globe enter our clinics more than one million times annually, and our hospitals, more than 80,000 times a year to be treated at the world-renowned Ronald Reagan UCLA Medical Center, the Santa Monica-UCLA Medical Center and Orthopaedic Hospital, primary care offices and community outreach health programs. The four schools in the medical enterprise are medicine, dentistry, nursing and public health. The Ronald Reagan UCLA Medical Center has been ranked as one of the top hospitals in the country by U.S. News & World Report, including "Best in the West" for 21 consecutive years. A new state-of-the-art medical center, which includes the Ronald Reagan UCLA Medical Center, Stewart and Lynda Resnick Neuropsychiatric Hospital and Mattel

Children's Hospital UCLA, opened in the summer of 2008. Santa Monica-UCLA Medical Center and Orthopaedic Hospital's rebuilding project is scheduled for completion in late 2010. Groundbreaking research is constantly taking place in the Jonsson Comprehensive Cancer Center, the Gonda (Goldschmied) Neuroscience and Genetics Research Center and in many other centers and laboratories on campus.

#### ARTS

A diverse array of public arts programming makes UCLA the leading arts and cultural center of the West. More than 500,000 people annually attend arts events including theater, music, opera and dance performances, lectures, poetry readings, exhibitions, film screenings, and media arts that are presented by UCLA's two professional arts schools. Check the web sites at [www.arts.ucla.edu](http://www.arts.ucla.edu) and [www.tft.ucla.edu](http://www.tft.ucla.edu) for more information.

#### CONTINUING EDUCATION

One of the nation's leading university based institutions for continuing education, UCLA Extension offers 4,300 classroom and online courses and programs each year, helping 47,000 individuals in Los Angeles and around the world advance their goals for career, academic and personal educational development. More information about UCLA Extension is available at [www.uclaextension.edu](http://www.uclaextension.edu). In addition, the university conducts guided walking tours and distributes self-guided tour maps. For further information, call (310) 825-8764 or check out UCLA on the Web at [www.ucla.edu](http://www.ucla.edu).
