## GENE BLOCK

**CHANCELLOR • 8th Year**  
**Alma Mater: Stanford '70**

As UCLA's chief executive officer, Gene Block oversees all aspects of the campus' three-part mission of education, research and service.

A champion of public universities, Chancellor Block serves on several leading national associations and advisory boards, including as chair of the council of presidents of the Universities Research Association, an international consortium of 86 leading research universities.

He has called for UCLA to deepen its engagement with Los Angeles, a city that offers a microcosm of the global community, and to increase access for students from underrepresented populations. An advocate of interdisciplinary scholarship, he emphasizes broad-based, campus-wide planning.

Chancellor Block holds UCLA faculty appointments in psychiatry and biobehavioral sciences in the David Geffen School of Medicine and in physiological science in the College of Letters and Science. A

fellow of the American Association for the Advancement of Science and a member of the American Academy of Arts and Sciences, he specializes in circadian biology, which deals with the functioning of 24-hour rhythms in higher organisms (See Academic Interests).

Dr. Block became chancellor of UCLA on August 1, 2007. Previously, he served as vice president and provost of the University of Virginia, where he held the Alumni Council Thomas Jefferson Professorship in Biology and directed the National Science Foundation's Science and Technology Center for Biological Timing. He also headed an NIH graduate training program aimed at increasing the number of scientists from underrepresented groups.

Chancellor Block joined the faculty of the University of Virginia in 1978. He served as vice provost for research from 1993 to 1998 and then as vice president for research and public service until his appointment as vice president and provost in 2001. In 1998, he received the Commonwealth of Virginia's Outstanding Public Service Award for his work with Virginia's business community.

A native of Monticello, New York, Chancellor Block holds a bachelor's degree in psychology from Stanford University and a master's and Ph.D. in psychology from the University of Oregon. He completed a postdoctoral fellowship at Stanford, studying with Colin Pittendrigh, "the father of biological timing," and Donald Kennedy, who later served as president of Stanford.

The inventor of a number of devices, Chancellor Block holds a patent for a non-contact respiratory monitor for the prevention of Sudden Infant Death Syndrome, and he is an avid collector of vacuum-tube radios.

Chancellor Block and his wife, Carol, have two children.

## DAN GUERRERO

**ATHLETIC DIRECTOR • 13th Year**  
**Alma Mater: UCLA '74**

Twelve years and 25 NCAA Championships later, Dan Guerrero's mantra of 'image and substance' has clearly been established at a level that few others in his profession can approach. At the department's helm when UCLA Athletics became the first to 100 NCAA team championships, the Bruins' current total of 111 NCAA titles is a figure unmatched by any institution in the nation. While UCLA teams have indeed won 25 NCAA championships since his appointment, another national leader, they have also finished second 23 times and have enjoyed an additional 46 Top Five finishes.

In fact, more than 80% of UCLA teams have qualified for NCAA post-season competition since 2002. The football team has appeared in 10 bowl games and the men's basketball team advanced to consecutive Final Fours from 2006-08. The program has also won 56 conference championships in 15 different sports, produced nearly 600 All-Americans and featured six Honda Award winners, including the 2003-04 Collegiate Woman Athlete of the Year.

Guerrero, recently named the 2014 NACDA Under Armour Athletic Director of the Year award, is the only athletic director at the NCAA Division I level (FBS, FCS and NCAA Division I-AAA) to earn three such awards (2006-07 at UCLA, 2001-02 at UC Irvine). In his 12 years at UCLA, the Bruins have finished

second three times (2005-06, 2006-07 and 2007-08), third four times (2003-04, 2004-05, 2011-12 and 2012-13), fourth (2009-10), sixth (2002-03), seventh (2013-14), 11th (2010-11) and 16th (2008-09) in the race for the Learfield Sports Directors' Cup.

In 2012-13, UCLA won its first Capital One Cup since its inception in 2010-11, taking home the title in men's sports by vaulting to the top of the standings by claiming the 2013 College World Series. In 2011-12, both men (3rd) and women (2nd) finished in the top three, while in 2013-14, UCLA finished second in the Capital One Cup women's standings, having captured national titles in both women's soccer and tennis.

In claiming UCLA's first women's soccer championship in 2013-14, the Bruins now have at least one NCAA crown in 18 different sports. During the 2013-14 season, four other UCLA teams finished among the Top 5 nationally: women's water polo (2nd), women's golf (3rd), men's tennis (T-3rd) and men's golf (T-5th). Additionally, the football team defeated USC for the second straight year, posted a 10-3 record and won the Hyundai Sun Bowl while men's basketball won 28 games, captured the Pac-12 Tournament championship and advanced to the NCAA Tournament "Sweet 16." And when everything was said and done, 62 student-athletes earned All-America honors with 93 in all earning selection to various all-conference teams.

A proud alumnus of UCLA, Guerrero received his Bachelor's degree from the University in 1974 and played second base for the Bruins for four years. His three-year batting average in Pacific-8 Conference games was .343. Known as "Warrior" during his playing career, he was inducted into the UCLA Baseball Hall of Fame in 1996. The Bruin Athletic Director earned a Master's degree in Public Administration in 1982 from Cal State Dominguez Hills and was named to the Pi Alpha Alpha Honor Society for Public Affairs and Public Policy that same year.

Guerrero, 62, was raised in Wilmington, CA. He is married to the former Anne Marie Aniello, and they have two grown daughters.
